

(Please return by June 16, 2005)
June 2005 - Early Action Compact Progress Report
Florence County

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	Phillip Lookadoo	843-676-8600	plookadoo@florenceco.org
EAC contact	James Smaldone	843-629-4513	james.smaldone@roche.com

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

Continue to pursue emission reduction strategies outlined in the plan.

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

A Florence Co. EAC Steering Committee meeting was held on April 22, 2005. During the meeting, several conservation and emission reduction projects were discussed and evaluated. Some of these projects include: extension of walking trail/bicycle path within Florence County; continue awareness program for member company employees and various civic groups within the county regarding Ozone Awareness. Evaluate potential of Ozone awareness and education within public school system.

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

The Florence County EAC will continue to meet and review alternatives discussed in 3. above in order to continue to educate the public about the impacts associated with high levels of Ozone in the atmosphere.

5. Do you have any requests for specific assistance from the Department and/or the EPA?

The main item is to continue to have representation from SCDHEC at the Florence County EAC Steering Committee meetings. DHEC personnel are a valuable resource for continued awareness regarding Ozone in the atmosphere.

Supervisor/Manager/Administrator: Phillip Lookadoo
